Draw The Triangle 2

P(R) represents a pattern drawn by Julia in *R* rows. The following pattern represents *P(5)*:

```
*
* *
* * *
* * * *
* * * * *
```

Write a query to print the pattern *P(20)*.

set @number = 0;
select repeat('* ', case when @number > 19 then 0 else @number := @number + 1 end) from information_schema.tables;
